FLAGS FOR PORTO RICO.

Chicago, March 30.—American flage Chicago, March 30.—American maga-nearly two tons of them-have been contracted for in Chicago, with "rush orders" that on July 4 the red, white and blue may flutter from every white and blue may flutter from every schoolhouse in Porto Rico, teaching the lesson of independence to young and old alike on the island. The plans of the government are that by the end of the year the flag will be a familiar sight in the towns and villages. The order of the government calls for flags of all sizes small once that the school children can wave from windows or carry through the streets and into their homes, and large ones to float from flagstaffs and roofs over the heads of marching troops and citizens on the day they are learning to calebrate.

Alleged Thefts in the Commissary Department at Manila.

Manila, April 2.—Interests in the capture and fate of Aguinaldo is welling overshadowed in Manila by sanational developments, present and prospective, of frauds in the commissary department. Capt. Frederick J. Barrows, of the Thirtieth volunteer infantry, quartermaster of the department of southern Lunon, together with seven commissary sergeants and other persons, bare been arrested. Thousands of sacks of flour, a quantity of becon and wagonloads of other goods, all hearing the government marks, have been found to the possession of unsuthorized persons. It is assisted that large quantities of stores have been lost or stolen in trunsit and also that there is a shortege in the commissary depot. New meandals are developed faily. Illicit transactions have been traced back to June, 1900, and it is possible that there are others of earlier date.

Chargas will be probed to the bottom. Orders have been fasued that no guilty man escape. The number of men implicated in the frauds is undetermined, and high rank will not suffice to shield delinquents. Coi. Woodraff, the chief commissary at Manila, said to the representative of the Associated press, that the irregularities were enggerated and that the troops were always well supplied with stores.

HE FOUND "FIREATERS."

Talks of the Attitude of Natires Toward the United States.

Washington, April 2. Senator Proc-tor, of Vermont, has just returned from Cuba, where he has been making abservations concerning conditions in the island. The senator said he found the island. The senator said he found a disposition among many leading Cubens to accept the terms of the Platt amendment as the most entiafactory solution of the relations between the United States and Cube. There are some fire-esters, the senator ways, who assert that rather then accept any interference by the United States they will "take to the woods." This is Cuben for going to war. Senator Procton says, however, that a great many people in the country districts, those who have been at war for many years, declare that they have had enough of the "woods."
